UNDER THE THUMB OF WILSON

Big Administration Machine Pulverizes all Opposition

PLATFORM OCCUPIES DELEGATES

(By Associated Press)

SAN FRANCISCO, June 29.—Actual preparation of the democratic platform delegated to a committee of nine under the administration leadership waited today while the platform committee of fifty three kept open house to hear final suggestions and arguments. Labor, liquor and Irish questions all subjects of disagreement among party leaders were up for debate at the committee's public hearings. There seemed little prospect that the long list would be finished until late in the day. It became apparent, however, that the real contest over the platform would come after the subcommittee report had been laid before the full committee for review.

Bryan, omitted by the administration leaders from membership in the subcommittee, said he probably would not submit his plank on prohibition, league of nations and other subjects at all.

In the public sessions today a delegation headed by Frank Walsh was granted a hearing on his Irish recognition proposals and representatives of the anti-saloon league were among those to appear on the prohibition issue.

Samuel Gompers was granted a hearing on requests of organized labor.

JAMES M. COX

DOHENY COMES OUT FOR THE SECOND PLACE

(By Associated Press)

SAN FRANCISCO, June 29.—A new contender for democratic vice presidential honors entered the field today in the person of E. L. Doheny, California oil operator. Friends of the former secretary of interior Lane began an active campaign for Doheny's selection. Doheny, a democrat, national committeeman from California is connected with the movement.

CYANIDE KILLS A MONSTER CAT

Ben Luce has the carcass of a bob cat which he found on the slime pond of the Tonopah Belmont yesterday morning. The beast was stiff in death through having imbibed too freely of the cyanide waters of the pond, which are as clear as crystal and apt to deceive even a denizen of the forest whose keen scent usually protects them from such perils. The cat was beautifully marked and a perfect giant standing two feet six inches and measuring three feet three inches from the tip of the tail to the snout. The animal evidently came in from the hills and sought to quench its thirst at the tailings stream. The effect was almost instantaneous for the brute moved less than its own length from the pond before it keeled over dead. This is the first cat ever seen on the pond although it is common occurrence to find dead coyotes which drink from the pond. Mr. Luce will stuff and preserve the skin.

RAIN, FALL DOES NOT LAST LONG WHEN IT COMES

After threatening all day and sprinkling a little shortly after noon yesterday it was no surprise to hear the heavy drops on the roofs last night. The precipitation began at 10:30 and lasted for an hour during which thirteen one hundredths of an inch was recorded at the weather bureau. East of Tonopah and up north reports state the rainfall was much heavier than here and in time to save the range which had not recovered from last winter's drought.

M'ADOO IS OUT AFTER RICH PLUM

(By Associated Press)

SAN FRANCISCO, June 29.—The name of William G. McAdoo will be placed formally in nomination at the convention at the earliest opportunity. His supporters decided at a conference today. The presentation will be made by Harris Jenkins, a Kansas City minister.

(By Associated Press)

SAN FRANCISCO, June 29.—Such headquarters as McAdoo will have at convention were opened here today. They consist of three rooms rented by personal friends of McAdoo and are used solely for campaign purposes. No one is in charge of them nor is any publicity campaign from them being planned. No campaign are being advanced by McAdoo supporters as to the vote on the first or subsequent ballots. Reports made by men on different state delegations however claim anywhere from 250 to 350.

McAdoo's friends say he may run third on the balloting on early votes. They expect Palmer to lead because of the tremendous "complimentary" votes that will be cast for him on the first ballot. Cox may run second, they say, and after that the break will be towards McAdoo.

The Tammany delegation is having a hard time to decide what to do regarding McAdoo. It will cast its early votes for Governor Smith but will not make a hard fight for him because he is being groomed for Tammany's candidate for Mayor of New York at the next election. Indiana delegates say they will stick to Vice-president Marshall as long as he is in the field but, if he should withdraw, McAdoo's friends say they will get a number of Hoosier votes.

PLACERS IN FULL SWING AT COPPER CANYON

Copper Canyon placering is in full swing according to Attorney William Forman who returned from there last evening. When Mr. Forman left the work was going ahead nicely with the prospect of making a great cleanup before the middle of the month. From a placer adjoining the Forman holdings over half a million was taken out last year by the owner. The ground is yielding \$10 to \$15 a yard.

EVERYREADY CLUB GIVES WEINIE ROAST

The Ever Ready Girls of the Presbyterian church participated in a Weenie roast Saturday evening. The party consisted of a wienie roast, which was eaten with music. They sat around the fire, eating peanuts and telling jokes, soon they were visited by two ghosts, who presented the members with their fortunes. The ghosts were later found to be two of the members. The party broke up after a very enjoyable evening. Those present were: Helen Peck, president; Bonnie Crowell, vice-president; Bertha French, secretary; Laella Dunston, treasurer; Mildred King, Marie Pierce, Helen Dunseath, Ruth Dunston, Baby Dunston, Tony Pierce, Tillie Evans and Tom French, guests. Mrs. Whitman, the teacher of the class acted as chaperon.

MANHATTAN GIRL MARRIED

Miss Emma Pierce of Manhattan is in receipt of numerous congratulations by wire on her marriage to Lovell to Earl Edwards, of the Standard Oil Company. The ceremony was performed in Reno Saturday night.

W. G. McADOO

ARKANSAS MAN TAKES GAVEL WITH SPEECH

(By Associated Press)

SAN FRANCISCO, June 29.—Senator Robinson of Arkansas, permanent chairman of the democratic national convention, in his speech today assailed the Republican party for its Chicago platform for disclosure of the large sums of money used in pre-convention contests and particularly attacked the Republican senators who fought ratification of the peace treaty with the league of nations covenant.

Tested by every standard which voters usually apply, the democratic party is entitled to victory in the coming campaign," he said. "A comparison of democratic and Republican records, contrasts of political policies and of party leadership justifies the belief that the Republican party will be driven from power in both branches of Congress and that complete control will be restored to the democratic party in November elections because that party has earned public confidence."

"The Republican platform adopted in Chicago is an amazing jumble of ambiguities, inconsistencies, evasions, misrepresentations, straddles and shanders. It is deliberately unfair in charging upon the democratic administration all responsibilities for military unpreparedness. Everyone knows the Republican party controlled the government for a long period previous to the inauguration of President Wilson. When the democratic party went into power March 4, 1913, both army and navy were far below their authorized number."

SERBIANS TURN OUT IN GOOD NUMBERS

The Serbian Young Men's Society turned out with a full membership last evening in honor of the peace celebration and commemoration of the regeneration of Serbia from the pitiable rule of Austria. The American Legion also shared in the honors but the attendance of guests was not as great as expected as the lowering weather caused many to think a storm was brewing. At the hall a delightful program was carried out and the evening closed with dancing and a general good time. The music was furnished by the Tonopah Military Band.

ANKLE CAUSES TROUBLE

Officer Bob Dabell is suffering from a sprained ankle which was caused by over exertion in the pursuit of Strickland. Notwithstanding that his ankle was causing intense pain Dabell walked over ten miles and last night suffered considerable pain from the injury.

GRAPE JUICE DITCHED AND STEAM ROLLER CRUSHES THE ENEMY

(By Associated Press)

SAN FRANCISCO, June 29.—The administration forces went into the second day of the democratic national convention apparently in full control of the situation. Sen. Glass, as chairman of the Resolutions Committee, having excluded from the subcommittee administration supporters, actually drafted the platform while Handshieps, secretary of state, sits as representative of President Wilson. Joseph Robinson of Kansas, another staunch administration supporter, was chosen permanent chairman of the convention with administration men at the head of other committees. Such was the line up brought about

without a contest. The threatened anti-administration fight so far as related to organization of the convention machinery collapsed without a struggle. Administration forces now have a strong grip on the machinery which will write the confession of faith for the party's 1920 campaign.

Assembling one hour later than usual today the democratic national convention had before it only a routine session, a necessary time killer to give opportunity for committee work on the omade and final perfection of the party machinery. The second keynote speech by Senator Joseph Robinson of Arkansas, successful administration candidate for permanent chairman was the keynote of the day.

WILLIAM J. BRYAN

FOUR DEAD IN RUINS OF HOTEL

(By Associated Press)

BUFFALO, June 29.—Four persons were killed and an undetermined number injured by collapse of the walls of the Sutherland hotel. Eighty men occupied rooms in the building last night.

UNIT RULE REJECTED BY THE COMMITTEE

(By Associated Press)

SAN FRANCISCO, June 29.—The committee on rules adopted a motion today rejecting the unit rule in states in which there are laws requiring the election of delegates by districts. The effect will be to split New York ninety votes if the report is adopted by the convention.

STEAMSHIP RATES ON THE AIR PLANE

(By Associated Press)

WASHINGTON, June 29.—Coastwise steamship companies of the Pacific petitioned the Interstate Commerce Commission today for an advance in freight rates equivalent to those asked by the railroads of the west and south.

CARLOAD OF DYNAMITE FIRED AT ONE CHARGE

On Wednesday a whole carload of dynamite was fired from eleven churn drill holes at Copper Flat, which was one of the heaviest charges ever exploded at one time in the district. The eleven holes, each about 100 feet deep, were connected by wires and all fired by electricity. Thousands of tons of ground were broken by the discharge and the entire side of the mountain shot away. It is said that the ground was broken for several hundred feet from the holes. A number of years ago a similar charge was exploded but it is said that this shot was far more successful in breaking ground. Ely Record.

BREAKING ELECTRIC GLOBES

Jack D. Grant, chief of police, is setting after the boys who are causing serious loss to the power company by breaking globes of street lamps. Unless parents control their children they will be held accountable for the damage.

NEVADA BOYS AT OXFORD

Stanley Pargellis and Walter Jepson, University of Nevada students who received appointments in Oxford were the only two Americans to row on the Thames river during June boat week at Oxford.

TORTURED TO GIVE TESTIMONY

(By Associated Press)

MEXICO CITY, June 29.—Several Indians, tortured with whips to their previous testimony in the case of William Jenkins, American Consul Agent, testified that they were suspended in an straitjacket and ended with death blows that agreed to testify against Jenkins, according to dispatches to El Paso Herald.

ACCEPTS \$5000 FOR DAMAGES

John Mahoney was awarded \$5000 in full settlement of his claim against the Nevada Industrial Commission for injuries sustained while in the employement of the Tonopah & Goldfield railroad. A verdict in favor of Mr. Mahoney was rendered in the district court of Nevada county when the suit was heard last spring. Since that time the attorney general's office has been considering the expediency of appealing with the result that it was deemed best to close by paying two highest cash indemnity permitted under the law.

INSPECTING LINES OF THE WESTERN UNION

Mark Westrom, inspector of pole lines is here from the Western Union division plant office in San Francisco for the purpose of testing out all lines and connections in the vicinity of Tonopah. This is a very delicate operation and is carried out with infinite attention to detail.
